

Facilitation Training For Chaotic Times

Presented By

MENDO Futures

The challenges of working in today's organizations have become more complex and less predictable. In a world that is quickly becoming more connected through technology, there is a growing need to improve our communication skills. This intensive training program provides participants with understandings about organizational systems, leadership and skills to facilitate the most demanding, challenging and creative types of group interactions.

Dates:

- * Wednesday, September 7, 2011
- * Thursday, September 8, 2011
- * Friday, October 7, 2011
- * Friday, November 4, 2011

- ✓ Web-based exercises
- ✓ Weekly teleconferences
- ✓ Training Manual

Registration Fee:

\$595 per person

\$295 per person

for the first six returning students that register (includes lunch all days)

Your Instructor:

Steve Zuieback is a management consultant and master facilitator with over 30 years of experience.

"Steve Zuieback's facilitation workshop was incredibly fun and informative. As a city manager, I draw upon the skills I gained on a daily basis while preparing for and participating in discussions, negotiations, and public meetings."

- Linda Ruffing, Ft. Bragg City Manager

"This is a class for our time. Steve Zuieback has well-honed knowledge, skills that he imparts about leading groups through their stuck places, creating stronger functioning organizations as a result. Then there's the great networking that results from the focus on real community issues with other folks working for the common good here. I highly recommend this series of classes."

- Mary Anne Landis, Ukiah City Council

"When you get done with this facilitation class you will have the tools to prepare and deliver a 1st class facilitation process to any group, or client. These are the type of skills that can help our community progress towards positive and sustainable change."

- Art Harwood, E.D., Redwood Forest Foundation Inc.

Space is Limited & Pre-registration is REQUIRED!
